Requested By

Josh Murphy

Licence(s) to be varied

L/2017/00012/10 (Marine Licence)

What would you like to vary about your current licence(s)/response(s)?

Update of Schedule 3 of the licence to reflect the co-ordinates approved in Variation 11, illustrated on Drawing ASC-001-00009 L, which forms Schedule 6 of the licence.

The discrepancy between the approved co-ordinates in Schedules 3 and 6 is illustrated on attached drawing ASC-006- 00022 A.

Why would you like to vary your licence(s)/response(s) in this way?

The Dredge Location Drawing ASC-001-00009 L co-ordinates for dredging were approved through the previous variation application (Variation 11) , however the licence schedule documents are inconsistent due to the Schedule 3 co-ordinates having not been updated to correctly reflect the newly approved polygon for dredging in Schedule 6.

In order to provide clarity to dredging contractors and provide a consistent set of approved dredging co-ordinates, it is requested that the approved co-ordinates included within the attached Drawing ASC-001-00009 L are included within Schedule 3.

What date would the varied licence(s)/response(s) come into effect?

13-MAY-2024
