Licence(s) to be varied

L/2017/00012/3 (Marine Licence)

What would you like to vary about your current licence(s)/response(s)?

We wish to include in our present licence. (L2017/00012/2) to dredge an area within the now wet dock (Previously a dry dock) adjacent to berths 8 and 9 from the present depth of 6.5 meters to 8.5 meters. to accommodate semi submersible Rigs.

With reference to the limitation of dredging during various periods we would request that this area be exempt due to its location within the dock.

Samples have been taken SAM/2017/00066 awaiting results (CEFAS).

Why would you like to vary your licence(s)/response(s) in this way?

We have international clients waiting to transport their Rigs to our site for maintenance and repair in addition the berths could be used for lay by and layup purposes.

The plan attached gives the site and the co-ordinates. In addition to the volumes.

The area is within the TERRC Site coloured light blue)

What date would the varied licence(s)/response(s) come into effect?

15-OCT-2017
