Licence(s) to be varied

L/2017/00012/3 (Marine Licence)

What would you like to vary about your current licence(s)/response(s)?

Include the TERRC Basin in the areas to be dredged, refer to drawing ASC-001-0009D attached which incorporates the relevant co-ordinates. The dredge depths are shown on the drawing.

Permission is sought for the following dredging activities in the wet dock (the area encompassing the TERRC basin, the grounding pad and Quays 7, 8 and 9):

Trailer Suction hopper dredger
Plough dredging
Backhoe dredging
Cutter Suction dredging
Water Injection dredging

Why would you like to vary your licence(s)/response(s) in this way?

The Basin provides access to Quay 6 which is a new facility that was opened in May 2017. Without dredging it will be inaccessible to the type of vessels that need access.

What date would the varied licence(s)/response(s) come into effect?

01-OCT-2018

Closed Date

09-NOV-2018
