## MMO Licence Application

### Variation Request 5 WITHDRAWN

**Request Date**

02-SEP-2020

**Requested By**

richard cram

**Licence(s) to be varied**

L/2017/00012/4 (Marine Licence)

**What would you like to vary about your current licence(s)/response(s)?**

Where the current licence does not permit the use of erosion control matting, Able wish to vary the licence in order to add the erosion control matting to the existing licence.

**Why would you like to vary your licence(s)/response(s) in this way?**

We are proposing to carry out capital dredging of our Quay 10 and 11 at Seaton Port. This will include dredging at the eastern end adjacent to land fronting the Power Station. The Power Station want us to have the ability to install erosion control matting over the intertidal flats where we are proposing to steepen the existing slopes. The attached marine license does not permit the use of erosion control matting

**What date would the varied licence(s)/response(s) come into effect?**

15-SEP-2020

**Closed Date**

04-SEP-2020

**Closed By**
