**What would you like to vary about your current licence(s)/response(s)?**

Internal MMO variation request to correct coordinates which are misaligned on the licence. This should be treated as a V0. Please see attached email chain for details. Please note timeframe is short due to dredging works due to start on the 15th September but consider this is reasonable considering it is only a minor admin change.

The licence coordinates are incorrect, which means there could be issues in carrying out the activities, as well as enforcement requirements. It therefore needs to be amended.
