

Northern Powergrid Holdings Company
 The position of our equipment is shown on the plan as accurately as possible. It may have changed since the plan was produced. Therefore, the position of our equipment and those services which are not to be shown should be ascertained in the field. The position of our equipment is not to be regarded as accurate and should be used for reference purposes only. In all cases, accurate information should be obtained from the owner of each building prior to the commencement of work on site.
