Your ref:

Dear David

R/2020/0357/OOM: Land at South Tees Development Corporation East of Smiths Dock Road and West of Tees Dock Road South Bank

We are pleased to submit on behalf of our client, "Teesworks", an application seeking the partial discharge of details reserved by condition 16 attached to permission ref. R/2020/0357/OOM.

Outline planning permission was granted on 3 December 2020 for the following development:

"Outline planning application for demolition of existing structures on site and the development of up to 418,000 sqm (gross) of general industry (Use Class B2) and storage or distribution facilities (Use Class B8) with office accommodation (Use Class B1), HGV and car parking and associated infrastructure works all matters reserved other than access"

This application seeks to partially discharge Condition no. 16 attached to this permission insofar as it relates to remediation of ground and levelling of land in the part of the application site outlined on the attached plan. Condition 16 states:

"Prior to the commencement of the development, or in accordance with the phasing plan agreed through discharge of condition 4, further site investigation shall be carried out and reported to the Local Planning Authority. Thereafter the development shall be implemented in accordance with the approved details and mitigation measures therein, unless otherwise agreed in writing.

REASON: To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised.

REASON FOR PRE-COMMENCEMENT: A pre-commencement condition is required because the risk of contamination will be present on the commencement of works."

The following document is submitted to allow for the matter to be considered:

- Enabling Earthworks and Remediate Strategy Report (Report No. 10035117-AUK-XX-XX-RP-ZZ-0348-01-Initial_Freepoint_Rem_Strat). Prepared by Arcadis and dated August 2021.

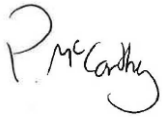

The attached Arcadis report sets out the background to the submission as well as detailing the site investigations that have taken place and the Remediation Strategy that will be followed in order to implement the works.

The application fee will be paid separately via the Planning Portal.

We trust that you have sufficient information to validate and progress the application towards determination at the earliest opportunity, and we will contact you shortly to discuss progress.

In the meantime, however, should you have any queries, or wish to discuss the above, please do not hesitate to contact me.

Yours sincerely
