Dear Sir/Madam

**THE REGULATORY REFORM (FIRE SAFETY) ORDER 2005
FORMER REDCAR STEELWORKS (TEESWORKS), LAND TO WEST OF WARRENBY,
REDCAR.**

Receipt is acknowledged of a Planning Application for the above-named premises, regarding demolition works, under the Town and Country Planning Act 1990.

The application has been examined and Cleveland Fire Brigade offers no representation but will require the following information:-.

Confirmation will be required that emergency access will be available and maintained for the premises that border the site of the proposed demolition.

Would it be possible to acquire the relevant timescales for the works?

Could I ask that the Cleveland Fire Brigade Station Manager for the Redcar District, Dave Love, is also copied into any correspondence relating to the demolition as he will need to make operational crews aware of the proposed works.
