8 March 2023

Dear Sir/Madam

PROPOSAL: Scoping Opinion for Hygreen Hydrogen Project
LOCATION: Land at the Foundry Site Teesworks and in the Vicinity of Wilton International, Lackenby and Grangetown near Redcar

Many thanks for your notification of request dated 7 March 2023 for planning permission reference, R/2023/0179/SCP, at the above address.

The proposed development appears to be located in the inner, middle and outer zone of the above Major Accident Hazard Pipeline as defined by the HSE development control guidelines (PADHI – HSE’s Land Use Planning Methodology document).

In terms of the safety and engineering integrity of the pipeline I would advise you that SABIC is consulted should any work within 50 metres (notification zone as required by operators of Major Accident Hazard Pipelines) is to be carried out, as this would need approval from ourselves before any work is commenced.

Should planning consent be granted, we would require to consult fully with the developer prior to construction commencing on the site to agree a method statement and ensure that our standard conditions for work in close proximity to the pipeline are met.

Yours faithfully

A black rectangular box redacting the signature of G L Glover.
